**Chariton Valley Telephone Corp.
STATEMENT OF COMPLIANCE WITH CPNI
47 U.S.C. §222, and 47 C.F.R. § 64.2001- 64.2009**

Chariton Valley Telephone Corp. (CV Telephone) has established operating procedures that ensure compliance with the Federal Communication Commission regulations regarding the protection of consumer proprietary network information (CPNI).

- CV Telephone has implemented internal procedures to educate and train employees about CPNI and the disclosure of CPNI. CV Telephone has established disciplinary procedures for any employee that wrongfully discloses CPNI. We also ensure that our vendors that have access to our customers CPNI are aware of the CPNI rules.
- CV Telephone does not use CPNI without customer notification as set forth by the FCC in 47 U.S.C. §222, and 47 C.F.R. § 64.2001- 64.2009. CV Telephone provides either an opt-in notice or an opt-out notice when appropriate and maintains the customers choice. Therefore, the customers approval status can be determined prior to use of CPNI.
- CV Telephone maintains records of their own and their affiliates' sales and marketing campaigns that use their customers' CPNI. Also, CV Telephone maintains records everytime third parties are allowed access to CPNI. These records include a description of each campaign, the specific CPNI that was used, and what products and services were offered. These records are retained for a period of at least one year.
- CV Telephone requires sales personnel to obtain supervisor approval of all outbound marketing requests for customer approval and maintains records of compliance for at least one year.
- CV Telephone will provide written notice within five business days to the FCC any instance where the opt-out methods do not work properly, to such a degree that the customers inability to opt-out is more than an anomaly.
